We are presently compiling the **GLOBAL INTERNET REGISTER**, designed to accomodate the large unified market on the european continent, and all other world regions. The EURO is reality, and leads monetary transactions throughout the "old" continent and benefits all trading activities. The EUROPEAN www REGISTER will expose your company to expanding markets. In this register your company will be found in your continent in the respective trade description. Filling in and returning this form will give you the opportunity to be published in our internet database <http://www.easyp.co.uk>

Please check

your company details carefully and complete the fields below. Return this form including your business card and/or brochure (if available), in order to ensure that your data is published correctly. Sheets returned without a stamp or signature will be updated and **listed free of charge in our internet publication**. A signed sheet implies placing an order. With your help and interest we are able to keep the data in this compilation as accurate as possible.

Returning this form will grant your company the opportunity to mark its presence in our publications, foremost in our internet database to be found at <http://www.easyp.co.uk> The GLOBAL INTERNET REGISTER will help expose your company to expanding and stable markets.

Below is your opportunity to change the current values as available in our company database.
