

ANGLOGOLD ASHANTI

Dear Sir/Madam.

I am DR. Sir. William Davids, a citizen of South Africa, Director of Contract Awarding Committee of ANGLO GOLD ASHANTI LIMITED I know that this letter will be a surprise since you do not know me in person; I got your contact from business guide.

It is my pleasure to inform you of a transaction involving the sum of Fifty Million United States Dollars (\$50, Million) to a foreign account for safe keeping pending my arrival and my colleagues for the sharing of the fund in your country.

This money originated from an over-invoiced contract executed for the co-operation some years ago. On completion and inspection of the contract, the payment voucher was approved and the money involved made available for the payment to the contractors. We are high profile officials therefore we are not liable to come for the claim of this money. We are looking for a competent and honest company or individual abroad like yours whose particulars will be tendered by us here in South Africa as one of the Sub-contractors that executed the contract for the collection of this money.

Upon due consideration, although we have not met before as to know the extent of your honesty and ours, I personally want to believe that you will not sit on our money once finally transferd into your account. It is on this note that I considered it proper to write you asking for your consent, permission and support to transfer this money into your account. You should not fear any risk because we have concluded arrangements to safeguard you in this transaction but at the same time we would not like you to publicize this transaction for our own safety. Therefore it requires a high level of secrecy, and confidence.

We will discuss the sharing modalities if we get any response from you and the requirement we need to execute this transaction: I shall expect an immediate reply from you if you are willing and capable to handle this deal. Please note that all correspondence should be strictly through the below Phone number and Email address. Note we have made all arrangement with one of the directors in South Africa Reserve bank on how to transfer this money to your account. As soon as we receive your response it will not take more than thirty banking working days for the transaction to be concluded and it is 100% RISK FREE.

Thank you and God bless.

Regards,

Sir. William Davids
